EnviroDance! Art in Nature Connect with the natural world through movement and art! Learn how dance concepts like Energy, Flow, and Pathways relate to plants, animals, weather, land, and water. Dancers see, feel, and discover nature in art and art in nature.

Hip Hop Explore the vibrant culture of Hip Hop through the lens of the dance concepts. Dancers develop their own voice while learning the history and elements of Hip Hop including MCing, DJing, Breakdance, Graffiti, and Knowledge. Discover breaking, locking, popping, commercial/new style, and House dance and create art inspired by Hip Hop culture.

Musical Theatre Explore the exciting world of musical theatre and sing, dance, act, play theatre games, create original scenes as an ensemble, and maybe even do some set/costume design. We offer three classic musical camps this summer: *Willy Wonka, JR, Trolls, and Descendants*. Discover the joy, energy, laughter, and skills the magic of theatre brings!

Roots & Branches: Jazz | Ballet | Modern The roots of these genres run deep! Understanding the lineage and history of these dance forms allows us to explore the branches that grew and continue growing from the roots. Join us for a week of discovery with classes in all three genres. Your unique voice will become part of the exciting and ever changing world of dance!

Stories in Motion Stories come to life as we spark imagination and movement using the rich language and art of children's literature. Books jump off the page as students explore character and plot using the elements of dance and make art projects inspired by our reading and story-making. Dancers work together on an Original Dancing Story throughout the week!
